

JOB VACANCY ANNOUNCEMENT

Opening Date:	January 25, 2018	Closing Date:	Until Filled
Position:	<u>Housing Maintenance Specialist II</u> (Revised)	Reports to:	Housing Manager
Salary/Wage:	Grade 13: \$33.02 - \$36.46/hr DOE	Department:	Housing
Hours:	Mon-Fri; Varies based on Schedule	Location:	ASNA

Brief Summary:

Under the general supervision of the assigned supervisor, performs a variety of semi-skilled construction, maintenance, modification and repair activities in assigned maintenance operations areas which may include carpentry, plumbing and electrical repairs at residential and service facilities and grounds work; and performs related work as required. Work includes both inside and outside activities, climbing, bending, and lifting up to 70+ pounds, working at heights and in confined spaces.

Knowledge, Skills and Qualifications:

This is a semi-skilled level position and employee must be able to perform a wide variety of repairs and work to ensure that ASNA facilities and residential properties are maintained in a safe and effective working condition. To perform this job successfully, an individual must be able to perform each essential function satisfactorily. The requirements, work environment, physical demands, and preferences listed are representative of the knowledge, skills, and/or abilities required.

1. Experience in a computerized office setting with familiarity with MS Office programs such as Excel, Access, Word and MS Project; Windows Operating System; Internet and related programs. Ability to learn programs and take training for job specific computer programs.
2. Reasoning skills to include ability to solve practical problems where only limited information exists. Ability to interpret a variety of instructions furnished in written, oral, diagram or schedule form.

Certification/Licensure:

- Valid Alaska Driver's License that meets ASNA insurance criteria.

Education & Experience:

- High School Graduate, or General Equivalency Diploma (G.E.D.)
- **Four years' work experience** with carpentry, mechanics, electrical, and plumbing.
- While performing the duties of this job the employee is regularly exposed to outside weather, extreme cold, wet or humid conditions. The noise level is usually moderate.
- One to two years of supervisory experience preferred.

Essential Job Functions

- Performs skilled and semi-skilled maintenance activities depending upon area of assignment including performing basic trade activities such as electrical, plumbing and carpentry work.
- Maintains and repairs HVAC, Plumbing, electrical and security systems. This position will not perform electrical or plumbing work which requires the skills of a licensed professional.
- Snow and Ice removal.
- Maintains and repairs physical structures as needed.
- Uses power tools and other equipment to perform basic carpentry, electrical, mechanical, and plumbing and/or other repairs and maintenance.
